MARKETING MASTERCLASS SATURDAY • 14:00 • ENTRANCE HALL

SCALE YOUR BRAND LIKE A STAR

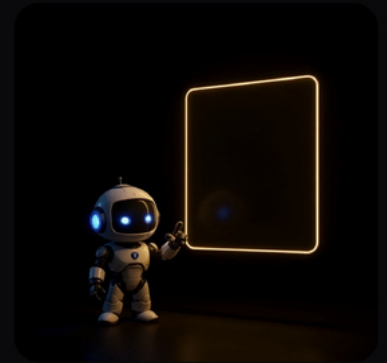

With David Hollister - practical ideas for social-media monetization, stronger positioning and brand-growth strategy.

BRAND • GROWTH • REACH

SATURDAY · SEMINAR

LET AI RUN THE BORING HALF OF YOUR BUSINESS.

One session on what AI can actually do for a creator today — and what it still cannot.

01

Scale your business with David Hollister

How a creator brand is actually grown — from someone running it at scale, not theory.

02

Automation

The work that repeats every single day, handed to software. What to automate first.

03

An X account that runs itself

Posting, reposting and answering on its own — shown live, not on a slide.

04

Endless possibilities with AI

Modern marketing: what became possible this year that simply was not before.

**FREE FOR EVERYONE**

Come to the seminar and we will promote one of your **X posts free** — 400 reposts from real creator accounts, out of a partner network of 17,195 accounts with 50k+ followers.

NEW · EARLY ACCESS

OnlyFans drops are back. An SFS batch — everyone who joins cross-promotes everyone else with the content they provide, automated this time. Not live yet; join at funonrun.net/drops.
